

4 Star Flash 627A, with charging station 18061

Red Traffic conductive lighting system With integrated battery

Key benefits

- > Smooth installation thanks to convenient storage system
- > Great strength due to collapsible footrests
- > Lithium-Ferro rechargeable battery
- > Low energy consumption thanks to 1 SuperLED

Features

- > Synchronization by infrared LEDs
- > Great expansion opportunity
- > High LED intensity 500cd / 250cd
- > Automatic dimming function
- > Space-saving thanks to narrow design
- > Connection charging station with universal plug DIN/ISO 4165
- > Autonomy 70h
- > Charging time after full discharge 6h
- > Display battery status in Lens

Specifications

- > Operation Voltage: 12/24VDC
- > Lens diameter 200mm
- > Lamp class L8L/L8M
- > Flash frequency 60FPM
- > Dimensions: 370x205x95
- > Weight: 1.6kg per light system
- > Rechargeable Battery 6.5V 1500mAh
- > Ambient temperature: -25°C to +65°C
