

Mastervolt MLI-E 12/1250

18866

Lithium-ion Battery **12VDC 100Ah / 1.25kWh**

Key benefits

- > *Integrated battery measuring system*
- > *Communication with external applicability from the MasterBusnetwork*
- > *LED indication regarding the application system*
- > *Equipped with handles*

Features

- > *Battery cell balancing*
- > *Battery voltage display*
- > *Battery power display*
- > *Battery temperature display*
- > *Pre-warning*
- > *2 protection methods (orange and red)*
- > *3-stage plastering system*

- > *Communication via CANOpen or NMEA2000*
- > *Bluetooth app*

- > *2 Year warranty*

- > *Compliant: IP51*

Specifications

- > *Rated Voltage: 12VDC (13.2VDC max)*
- > *Nominaal Power: 100Ah*
- > *Rated Energy: 1250Wh*

- > *Weight: 15kg*
- > *Dimensions: 330 x 173 x 210 mm (L x W x H)*

- > *Lithium iron phosphate*
DOD(depth of discharge) 80% to 90%

- > *Ambient temperature: -40°C to +65°C*
